

Dear Parent or Guardian

Wycliffe College has partnered up with The Prime Practice, a multidisciplinary, musculoskeletal and injury clinic in Stroud to provide physiotherapy and sports therapy services directly to the school. The service is aimed to ensure that pupils are given the best possible advice about injuries and informed of the correct programme of rehabilitation required to return to fitness and ultimately full training, as quickly as possible. The Injury Clinic is run at the school medical centre on a Tuesday afternoon 14.00-17.00 and all written records will be held at the medical centre with the pupil's medical records.

Ray Feilding - Physiotherapist. Ray has over 10 years' experience and specialises musculoskeletal injuries, Ray trained as a Physiotherapist at Kings College London and practised in both the NHS and private sector.

James Stevenson - Sports Therapist. James has over 8 years' experience in elite and high performance sport, James currently works with the English Institute of Sport, British Bobsleigh and Skeleton teams, James will be working closely with Ray on rehab and return to play protocols.

Further information about the practitioners can be found on their web-site **www.theprimepractice.co.uk**

Pupils can be referred to the clinic by the Medical Centre Staff, Games Staff or Parents by visiting the clinics online booking system at **www.theprimepractice.co.uk** or contacting them directly on **07920755300**.

There is a charge for the Physiotherapy treatment, however at a reasonable cost for a very high standard of sports physiotherapy treatment. I have listed below the cost of the treatment.

- First referral is a 30 minute triage assessment session, this first session is free of charge
- Subsequent treatment sessions are charged at £25.00 per 30 minute session

It will be assumed that all pupils will have permission to attend the free of charge triage sessions as part of the Medical Centre service. However before follow up treatment is given we need parental permission to authorise the recharge and of course to ensure all parents are aware of the nature of their child's injury.

Please complete the following permission form for the physiotherapy service.

Parents' Permission Form

Pupils Name: _____

I give permission for my son/daughter to receive physiotherapy treatment at the cost of £25.00/session and **DO NOT** need to be informed each time a new course of treatment is commenced.

I give permission for my son/daughter to receive physiotherapy treatment at the cost of £25.00/session and **MUST BE** informed each time a new course of treatment is commenced.

Please contact me regarding authorisation for recharges, if physiotherapy treatment is recommended after the first triage session.

I am aware that the costs for physiotherapy will be recharged to me from the Sports Department each term.

Signature: _____ Date: ____/____/____

Name: _____ Relationship to Pupil: _____
