

A school with pioneering spirit and an understanding of military families

For 140 years, Wycliffe has closely supported the families and children of those serving in the British Armed Forces. We understand the challenges of military life and use our experience to support children of Military Families from around the world to settle quickly into school life.

Wycliffe is a genuine global community welcoming over 120 International pupils from across the world. Pupils from the age of 7 to 19 can board with us on a full, flexi or day basis; allowing them to immerse themselves fully in the British culture and the close-knit community here at Wycliffe. All our international boarders are fully integrated into school life, sharing houses and lessons with UK pupils and we provide excellent pastoral care and a programme of wellbeing activities to ensure your child is happy. They will have plenty of opportunity to make friends and socialise through weekend events and evening activities. Today, 33% of our Boarders are from Military families.

We believe Wycliffe is developing a strong work ethic, encouraging independence, and providing our boys with a stable setting, which all helps towards them reaching their full potential.

The schools focuses on developing life skills, such as determination, resilience and the drive to succeed. They love the friendships they have made, Sport, Drama, and expedition days.

They access all the extra-curricular on offer.”
