## Welcome to Wycliffe College Transport Team

The College operates a fleet of modern safe vehicles including 17-seater and 9-seater minibuses for Prep and Senior School pupils.

Routes are as flexible as possible and may change from time to time to accommodate individual parent's requirements. Please be aware that some pupils may travel in and out of school on different routes. If you would like a stop to be added please contact the transport office and we will do our best to help.

Day pupil transport fees are charged on a zonal system depending on distances travelled and included in students end of term fee accounts.

Seats on buses can be booked for any period subject to availability and we also welcome pupils and their school guests to use the transport on an Ad Hoc basis.

Further information is included in this document and on the College website:
