# Day Pupil Transport

The College operates a fleet of modern safe 17-seater and 9-seater minibuses along bespoke routes to and from Wycliffe. Each year parents are contacted in advance so that routes can be planned. Please note that routes are run according to demand and therefore cannot be guaranteed.

Please note that we regularly review all of our routes in line with requirements from our families. We can add new routes at short notice based on demand. Please speak with the Admissions Team or with the Transport Team to discuss your need.

All school morning transport aims to arrive at school by 8.15 am (Monday - Saturday) and serves all year groups. Senior School transport leaves the main drive at 18.35 (Monday - Friday) and there are no return services on Saturday. Prep School transport leaves the Pines Car Park at 16.30. Students from all year groups have the option to take either the earlier or later bus, subject to 24 hours' notice to cater for after school activities.

Due to the high demand, seats on school buses are allocated on a return or single basis. However, seats can be booked on an ad hoc basis (no more than three journeys a week) subject to availability and notice 24 hours in advance of travel.

Transport fees are priced according to zone and are charged termly. No discount or refund can be given for any days when school transport is not used. One terms notice is required to terminate use of the service.
